Dear Pastor Prosser

Recognised denomination – change of name

I refer to your previous correspondence in which you advised that your organisation has changed its name from OzReach to Pioneer Network Australia Incorporated.

On 29 May 2018 the Governor-General made a new recognised denomination proclamation, the *Marriage (Recognised Denominations) Amendment (New Denominations and Other Name Changes) Proclamation 2018*. This proclamation reflects your organisation's name change.

Please ensure your organisation's marriage celebrants use the new name, 'Pioneer Network Australia Incorporated', on all documentation for marriages they conduct. This is particularly important when recording the rites used to solemnise the marriage on marriage certificates.

I have attached a copy of the amending proclamation for your information which commenced on 31 May 2018. The amending proclamation has been registered on the Federal Register of Legislation at legislation.gov.au.

If you have any questions please contact us by telephone on 1800 550 343 or email at marriagecelebrantsrds@ag.gov.au.

Yours sincerely
